

OCTOBER REVISION TUTORIALS

PROGRAM INCLUDES:

Subject Revision: These classes consist of nine hours of teaching broken up evenly over the five days. The program consists of re-teaching and revision, and is designed to reveal to students how the work they have learnt will be assessed in their final exams.

Exam Preparation: Once the teacher has revised the key concepts in a subject, they then demonstrate how this material is assessed in ATAR-style questions. There is sufficient time within the program for teachers to model how to answer exam questions successfully as well as time for students to independently practice constructing their own responses. All our school teachers have significant marking experience and know what needs to be addressed to ensure students achieve success.

VENUE

Hale School F Block

IMPORTANT

Some students find it very difficult to sustain an independent study program. These tutorials offer them a structured way to comprehensively prepare for exams.

ABOUT OUR TUTORS

The staff engaged to deliver these programs are experienced subject specialists. Some are heads of department, others are senior teachers and most have some marking experience. They have all delivered similar programs in the past and the student feedback from these classes has always been excellent.

A SUCCESSFUL PROGRAM

WACE+ Revision and ATAR Exam Preparation tutorials have a history of successfully supporting students to achieve their academic objectives. To view the student evaluations for the programs delivered in 2019 and 2020, see the 'Program Feedback' tab at waceplus.com.au or mastermindaustralia.com.au.

FAQs

How can students be assured that what they have learnt at school will be addressed in the WACE+ Program? The answer to this important question is really quite simple.

- + The foundation of our revision tutorials is the Western Australian curriculum which is the same syllabus guidelines used by the school.
- + We also send out a questionnaire to all families participating in the program before the classes begin, to find out exactly what topics and texts students have been studying, and this information is forwarded to the WACE+ teachers for inclusion in their programs.
- + This questionnaire also asks families to alert us of any specific weaknesses in the student's knowledge that may have been identified by the school or the student so that specific area can be re-taught by the WACE+ teacher.

ENROL NOW

-  **Enrol on-line at waceplus.com.au**
-  **By phone on 9342 2000**
-  Or simply by completing this enrolment form and posting it to:

WACE Plus Education
